Month and Date Based Puzzle

Directions (1-5): Study the following information carefully to answer the given question:

Eight employees M, N, O, G, F, H, C and D are going to sell their product on four different months of the year viz. May, June, July and November, such that not more than two employees sell their products in each of the months. They sell their product on either 5th or 16th day of the month. No two employees sell on same day. There are four person sell their product between O and H. D sell his product immediately after N on different month. G and N sell their product on some month. F sells their product in the month of May. H sells his product before O. The number of employees who sells his product between C and B is one less than the number of employees who sell their product between N and F. C and B is not last person to sell their product.

1. Which of the following date and month H sells his product?
   a) 5th June
   b) 5th May
   c) 5th July
   d) 5thNovember
   e) 16th June

2. Who among the following sells his product on 16th November?
   a) G
   b) N
   c) D
   d) O
   e) F

3. Who among the following sells his product immediately after C?
   a) F
   b) H

If there are any suggestions/ errors in our PDFs Feel Free to contact us via this email: admin@exampundit.in

c) G
d) Can't be determined
e) None of these

4. **How many employees sells their products between H and D?**
a) Two
b) One
c) None
d) Three
e) More than three

5. **Who among the following person sells his product first?**
a) C
b) B
c) Either a or b
d) G
e) N

Directions (6-10): Study the following information carefully to answer the given question:

Eight friends – P, Q, R, S, T, U, V and W were born on in January, April, November and December on either 5th or 12th (No two people born on same on dates). The ones who were born in a month having 30 days like different fast food – Maggie, Pasta, Chowmein and Sandwich not necessarily in the same order. The ones who were born in a month having 31 days like different city – Indore, Bhopal, Raipur and Mumbai not necessarily in the same order. T was born on 12th of the month which has 30days. Two people were born between T and S. S does not like any fast food. Q likes Maggie. Number of people was born after P as before S are same. One person was born between the ones who like Pasta and Raipur city. Two people were born between T and one who likes Mumbai city. No person was born between Q and one who likes Indore city. P does not like Indore city. The ones who like Bhopal city and Indore were born on same month. Two people were born between P and W. U do not like any City. One person was born between R and

one who likes Maggie. Number of persons was born between the ones who like Sandwich and Raipur city is two.

6. **Who likes Maggie Food?**

a) P
b) Q
c) R
d) S
e) T

7. **How many people were born between P and one who likes Sandwich?**

a) Four
b) Two
c) Three
d) None
e) One

8. **Four of the following forms a group based on certain pattern. Who does not belong to this group?**

a) V
b) U
c) W
d) S
e) R

9. **Who was born on 12th April?**

a) U
b) W
c) T
d) S
e) R

10. **P likes which of the following food/city?**

a) Mumbai
b) Indore
c) Bhopal
d) Raipur
e) Pasta

Directions (11-15): Study the following information carefully to answer the given question:

Ten persons have birthday in five different month's viz. March, May, September, November and December, but not necessarily in the same order. Their Birthdays are on 2 different dates viz. 17 and 24. Each of the ten people has Birthday on different dates. There is only three person's birthday after G's birthday. Four person's birthday between G and I. D and A has birthday in December. Only two people have birthday between the D and S. The number of birthdays between A and C's is same as the number of birthday between B and T. T's birthday in a month having 30 days. There is no birthday between the birthday of U and L, whose birthday is exactly between D and B. U's birthday, is not in same month as L's birthday.

11. In which month S has birthday?

a) May
b) March
c) September
d) November
e) December

12. Who among the following has birthday on 17th May?
a) B
b) I
c) U
d) C
e) None of these

13. Who among the following has birthday on 24th December?
a) A
b) L
c) G
d) D
e) None of these

14. Which of the following Date I has birthday?
a) 24th December
b) 17th December
c) 17th May
d) 24th September
e) 24th March

15. How many people are there between C and T?

a) 1
b) 2
c) 3
d) 4
e) 5

Directions (16-20): Study the following information carefully to answer the given question:

IBPS Exam of Ten candidates have scheduled in five different months viz. January, April, July, October and December, but not necessarily in the same order. The exam will conduct 18th and 28th date of each month and each candidate have exam on different dates. There is four candidate's exam between the exam of Z and S. Only four candidates take exam before the exam of T. There are same number of exam between S and U's exam as between V and T's exam. Exam of both Z and X falls in the month having 30 days but X's exam is after Z's exam. There is no exam between the exam of K and L. The exam date of U and L is not same. The exam month of W and S is same. One of the persons is M.

16. How many candidates take exam between the exam of L and S?

a) 1
b) 4
c) 5
d) 3
e) 2

17. Who among the following has exam on 28th December?

a) V
b) T
c) W
d) M
e) U

18. V writes his exam on which date?

a) 28 July
b) 18 July
c) 18 April
d) 28 January
e) Cannot be determined

19. Which among the following pair is odd one out?

a) TU
b) TV
c) WS
d) UM
e) ZX

20. How many people between K and V?

a) 1
b) 2
c) 3
d) 4
e) 5

Directions (21-25): Study the following information carefully to answer the given question:

Eight persons – P, Q, R, S, T, U, V and W have attend seminar on three different dates on 6, 13, 21 of the months of July, September and December of year 2020. No two persons attend the seminar on the same date of the same month. One of the dates of in the given months is a holiday. S attends seminar on even numbered date of a month which has odd number of days. Holiday is come in a date of 21st of the month. Only three persons attend seminar between P and S. Less than five persons between Q and U. T attends seminar immediately after V. V does not attend the seminar in December. W attends before R. W and Q are adjacent. Two people between R and S. W is not the first person to attend the seminar.

21. How many persons attend seminar between W and T?

a) 5
b) 4
c) 3
d) No one
e) None of these

22. Who attend the seminar immediately before R?

a) S
b) W
c) Q
d) P
e) None of these

23. T attend seminar on which of the following date?

a) 6th July
b) 13th September
c) 6th December

d) 13th July
e) None of these.

24. Who attend the seminar after U?

a) R
b) P
c) T
d) No one
e) None of these

25. Who attend the seminar in September?

a) S
b) W
c) Q
d) P
e) T

Directions (26-30): Study the following information carefully to answer the given question:

E, F, G, H, T, U, V and W have a party in either June or August of the same year which will be organized only on the four days viz. 8th, 11th, 18th and 23th of each month. No two people have a party on the same day. E has a party in June on an even numbered date. Only four people have a party between E and G. There are three people have party between G and F. Only two people have a party between T and F. Both W and V have to arrange a party on the same date. W has to party on one of the days after V. No one has to arrange a party between W and U. H has to arrange a party on 18th June.

26. Who among the following organized party immediately after U?

a) F
b) H
c) V

d) W
e) None of these

27. How many persons go in between F and H?

a) Four
b) Three
c) Two
d) One
e) None of these

28. Who among the following organized party on 23th June?

a) E
b) F
c) G
d) T
e) None of these

29. Four of the following are alike in a certain way so form a group then which of the following does not belong to that group?

a) E
b) F
c) H
d) T
e) U

30. Who among the following organize party 8th August?

a) E
b) W
c) H
d) T
e) None of these

Directions (31-35): Study the following information carefully to answer the given question:

Ten people were born in different days of the same year. The months in which they were born were March, April, May, October and November and the dates were 17 and 28 of these months. A was born on 17th October. B was the second oldest person. Six people were born between C and D where C was born after D. There is a gap of one person between E and F who born after E. G was born immediately after H on the same date as C. I was born after J but after F

31. Who among the following person goes on 17th March?
a) A
b) B
c) C
d) D
e) E

32. How many persons go between E and C?
a) One
b) Three
c) Four
d) Five
e) None of these

33. Who among the following person goes on even number date of the month which has even number of days?
a) J
b) F
c) I
d) A
e) None of these

34. How many persons go before F?
a) Two
b) One
c) Four
d) Five
e) None of these

35. Which of the following combination is true?

a) 17th April-J
b) 28th April-D
c) 17th October -A
d) 17th May-I
e) None is true

Directions (36-40): Study the following information carefully to answer the given question:

Eight students E, F, G, H, I, J, K and L appear in an examination in two different shifts either at 8AM or 12PM. They give exam on different months of the same year starting from July to October. Only three persons give exam in between L and I, whose exam is in the month which have odd number of days. E gives exam in the month having 30 days. H gives exam in morning but after L. Four persons give exam between J and G. L gives exam after I. K gives an exam in afternoon shift of the month which has odd number of days but before L. J gives the exam in the month having 31days but not in October. Only one person gives exam between E and F.

Which of the following month L gives exam?

a) July
b) August
c) September
d) October
e) None of these

37. Who among the following gives exam on August at 12pm?

a) L
b) I
c) J
d) K
e) F

38. Who among the following gives exam immediately after J?

a) F
b) L
c) E
d) H
e) G

39. How many person gives exam between K and H?

a) 2
b) 1
c) None
d) 3
e) More than 3

40. Four of the following belongs to a group in a certain way, find which of the one does not belong to that group?

a) J
b) L
c) H
d) I
e) K

Directions (41-45): Study the following information carefully to answer the given question:

Fourteen students joined coaching on either 17th or 28th of seven different months of the same year i.e. March, May, June, August, September, October and November. A joined coaching on 28th June. The number of students joined between B and C is same as between C and D. D joined after B. Six students joined between A and H. Three students joined between H and I. F joined immediately after I. J joined immediately after K in the different month. Less than two people joined between L and D, who joined after L. L joined on 28th October. Four persons joined between L and M. E and N joined after G. N joined after F.

41. How many persons Joined coaching between A and L?

a) 3
b) 2
c) 1
d) 0
e) None of these

42. On which day does M joined coaching?

a) 17th June
b) 17th May
c) 17th August
d) 17th November
e) 17th March

43. Who the last person is to joined coaching?

a) F
b) N
c) L
d) D
e) H

44. How many persons joined after I joined coaching?

a) Three
b) One
c) Two
d) Five
e) None of these

45. Who among the following joined coaching on 17th March?

a) G
b) B
c) E
d) K
e) J

Directions (46-50): Study the following information carefully to answer the given question:

Eight persons A, B, C, D, E, F, G, H were born in different months i.e. March, June, September, and November on two different dates 17th or 26th. Only One person was born on one date. They all like different colors i.e. Red, Yellow, Green, Black, Purple, Pink, White and Blue but not necessarily in the same order. B born in the month of September. Only two person born between B and the one who likes Blue, who does not born on an odd number date. Only one person born between H and the one who like blue. H and G, who likes White color born in the different month. Three persons born between E and the one who likes White color. D likes Pink color and born immediately below E. A does not like Red color and born in the month having 31 days on Odd date. Three persons born between A and the one who likes Yellow color. H does not like Yellow color. F does not like blue color born immediately after C, but not in the different month. The one who likes green color born after the one who likes Red, who does not born in the November month. C does not like Green color.

46. Who among the following has born on 17th of November?

a) B
b) G
c) C
d) F
e) B

47. Who among the following likes Red color?

a) B

b) H
c) C
d) G
e) F

48. How many persons born between E and B?

a) One
b) Three
c) Four
d) Two
e) Five

49. C likes which of the following Color?

a) Purple
b) Black
c) Blue
d) Yellow
e) Either a or b

50. Which of the following pair born in the same month?

a) A and D
b) B and C
c) D and H
d) G and E
e) None of these

Solution and Detailed Explanation

SOLUTION (1-5):

1. There are four person sell their product between O and H.
2. H sells his product before O.
3. F sells their product in the month of May.

Month	Date	CASE 1 Employee	CASE 2 Employee	CASE 3 Employee	CASE 4 Employee
May	5	H	F	F	
May	16	F	H		F
June	5			H	H
June	16				
July	5				
July	16	O			
November	5		O		
November	16			O	O

4. D sells his product immediately after N on different month.
5. G and N sell their product on some month.

Month	Date	CASE 1 Employee	CASE 2 Employee	CASE 3 Employee	CASE 4 Employee
May	5	H	F	F	
May	16	F	H		F
June	5	G	G	H	H
June	16	N	N		
July	5	D	D	G	G
July	16	O		N	N
November	5		O	D	D
November	16			O	O

6. C and B is not last person to sell their product.
7. The number of employees who sells his product between C and B is one less than the number of employees who sell their product between N and F.

Month	Date	CASE 1 Employee	CASE 2 Employee	CASE 3 Employee	CASE 4 Employee
May	5	H	F	F	C/B
May	16	F	H		F
June	5	G	G	H	H
June	16	N	N		C/B
July	5	D	D	G	G
July	16	O		N	N
November	5		O	D	D
November	16			O	O

Here CASE 1 and CASE 2 eleminated because we can not place C and B
CASE 3 eleminated as we cannot place C and B as per condition number 7

Final Arrangement

CASE 4

Month	Date	Employee
May	5	C/B
May	16	F
June	5	H
June	16	C/B
July	5	G
July	16	N
November	5	D
November	16	O

1.a

2.d

3.d

4.d

5.c

SOLUTION (6-10):

1. T was born on 12th of the month which has 30days.
2. Two people were born between T and S.

3. S does not like any fast food.(it means S not born on the month which has 30 days)
4. Number of people was born after P as before S are same.

Month	Date	Person	Food/ City	Person	Food/City
			CASE 1		CASE 2
January	5	S			
	12			P	
April	5				
	12	T		T	
November	5				
	12				
December	5			S	
	12	P			

5. Q likes Maggie.
6. Two people were born between P and W.
7. U do not like any City (**it means U born on even number of days of month**)
8. One person was born between R and one who likes Maggie

Month	Date	Person	Food/ City	Person	Food/City
			CASE 1		CASE 2
January	5	S			
	12			P	
April	5	Q/U		Q/U	
	12	T		T	
November	5	W		W	
	12	Q/U		Q/U	
December	5			S	
	12	P			

Here CASE 1 was eleminated because we can not place R

Month	Date	Person	Food/City	Person	Food/City
			CASE 2		CASE 2a
January	5	R			
	12	P		P	
April	5	Q	Maggie	U	
	12	T		T	
November	5	W		W	
	12	U		Q	Maggie
December	5	S		S	
	12			R	

9. No person was born between Q and one who likes Indore city.
10. P does not like Indore city.
11. The ones who like Bhopal city and Indore were born on same month.

Month	Date	Person	Food/City	Person	Food/City
			CASE 2		CASE 2a
January	5	R		V	
	12	P	Indore	P	
April	5	Q	Maggie	U	
	12	T		T	
November	5	W		W	
	12	U		Q	Maggie
December	5	S		S	Indore
	12	V		R	Bhopal

CASE 2 was eleminated as P is not like indore

12. Two people were born between T and one who likes Mumbai city.
13. One person was born between the ones who like Pasta and Raipur city.
14. Number of persons was born between the ones who like Sandwich and Raipur city is two..

Month	Date	Person	Food/City
		CASE 2a	
January	5	V	Mumbai
	12	P	Raipur
April	5	U	Chowmein
	12	T	Pasta
November	5	W	Sandwhich
	12	Q	Maggie
December	5	S	Indore
	12	R	Bhopal

Final arrangements

CASE 2a

Month	Date	Person	Food/City
January	5	V	Mumbai
	12	P	Raipur
April	5	U	Chowmein
	12	T	Pasta
November	5	W	Sandwhich
	12	Q	Maggie
December	5	S	Indore
	12	R	Bhopal

6.b

7.b

8.e (even date)

9.c

10.d

SOLUTION (11-15):

1. There is only three person's birthday after G's birthday.
2. Four person's birthday between G and I.
3. D and A has birthday in December.

Month	Date	CASE 1 Person	CASE 2 Person
March	17		
	24	I	I
May	17		
	24		
September	17		
	24		
November	17	G	G
	24		
December	17	D	A
	24	A	D

4. Only two people have birthday between the D and S.
5. T's birthday in a month having 30 days
6. **There is no birthday between the birthday of U and L,**
7. **U's birthday is not in same month as L's birthday.**

Month	Date	CASE 1 Person	CASE 2 Person
March	17		
	24	I	I
May	17		
	24	U/L	
September	17	U/L	T
	24	S	S
November	17	G	G
	24	T	
December	17	D	D
	24	A	A

Here CASE 2 wa eleminated becasue we can not place U and L

8. L birthday is exactly between D and B.
9. The number of birthdays between A and C's is same as the number of birthday between B and T.

CASE 1

Month	Date	Person
March	17	B
	24	I
May	17	C
	24	U
September	17	L
	24	S
November	17	G
	24	T
December	17	D
	24	A

11.c

12.d

13.a

14.e

15.d

SOLUTION (16-20):

1. Only four candidates take exam before the exam of T.
2. Exam of both Z and X falls in the month having 30 days but X's exam is after Z's exam.
3. There is four candidate's exam between the exam of Z and S.
4. The exam month of W and S is same

Month	Date	Person
January	18	
	28	
April	18	Z
	28	X
July	18	T
	28	
October	18	W
	28	S
December	18	
	28	

5. There are same number of exam between S and U's exam as between V and T's exam
6. There is no exam between the exam of K and L.
7. The exam date of U and L is not same.

Month	Date	Person
January	18	K
	28	L
April	18	Z
	28	X
July	18	T
	28	V
October	18	W
	28	S
December	18	U
	28	M

Final Arrangement

Month	Date	Person
January	18	K
	28	L
April	18	Z
	28	X
July	18	T
	28	V
October	18	W
	28	S
December	18	U
	28	M

16.c

17.d

18.a

19.a

20.d

SOLUTION (21-25):

1. S attends seminar on even numbered date of a month which has odd number of days
2. Only three persons attend seminar between P and S.

Month	Date	CASE 1 Person	CASE 2 Person
July	6	S	
	13		
	21		P
September	6		
	13	P	
	21		
December	6		S
	13		
	21		

3. Two people between R and S.
4. W and Q are adjacent
5. W is not the first person to attend the seminar.

Month	Date	CASE 1 Person	CASE 2 Person	CASE 1a Person
July	6	S	W	S
	13	W	Q	Q
	21	Q	P	W
September	6	R	R	R
	13	P		P
	21			
December	6		S	
	13			
	21			

6. Less than five persons between Q and U.
7. T attends seminar immediately after V.
8. V does not attend the seminar in December.

Month	Date	CASE 1 Person	CASE 2 Person	CASE 1a Person
July	6	S	W	S
July	13	W	Q	Q
July	21	Q	P	W
September	6	R	R	R
September	13	P		P
September	21	V		
December	6	T	S	
December	13	U		
December	21			

Here case 2 and Case 1a was eleminated as we can not place U, V and T

9. Holiday is come in a date of 21st of the month.

Month	Date	CASE 1 Person
July	6	S
July	13	W
July	21	Q
September	6	R
September	13	P
September	21	V
December	6	T
December	13	U
December	21	Holiday

21.b

22.c

23.c

24.d

25.d

SOLUTION (26-30):

1. H has to arrange a party on 18th June
2. E has a party in June on an even numbered date.
3. Only four people have a party between E and G.

Month	Date	Person
June	8	E
June	11	
June	18	H
June	23	
August	8	
August	11	G
August	18	
August	23	

4. There are three people have party between G and F.
5. Only two people have a party between T and F.

Month	Date	Person
June	8	E
June	11	F
June	18	H
June	23	
August	8	T
August	11	G
August	18	
August	23	

6. Both W and V have to arrange a party on the same date.
7. W has to party on one of the days after V.
8. No one have to arrange a party between W and U.

30.d

SOLUTION (31-35):

1. A was born on 17th October.
2. B was the second oldest person.

3. Six people were born between C and D where C was born after D.

Month	Date	CASE 1 Person	CASE 2 Person
March	17	D	
	28	B	B
April	17		D
	28		
May	17		
	28		
October	17	A	A
	28	C	
December	17		
	28		C

4. G was born immediately after H on the same date as C.
5. **There is a gap of one person between E and F who born after E.**
6. **I was born after J but after F**

Month	Date	CASE 1 Person	CASE 2 Person	CASE 1a Person	CASE 1b Person
March	17	D		D	D
	28	B	B	B	B
April	17	H	D		E
	28	G			J
May	17		H	H	F
	28		G	G	I
October	17	A	A	A	A
	28	C		C	C
December	17				H
	28		C		G

CASE 1

Month	Date	Person
March	17	D
March	28	B
April	17	E
April	28	J
May	17	F
May	28	I
October	17	A
October	28	C
December	17	H
December	28	G

31.d

32.c

33.a

34.c

35.c

SOLUTION (36-40):

1. Only three persons give exam in between L and I, whose exam is in the month which have odd number of days
2. L gives exam after I.
3. H gives exam in morning but after L.

		CASE 1	CASE 2
Month	Time	Person	Person
July	8am	I	
July	12pm		I
August	8am		
August	12pm		
September	8am	L	
September	12pm		L
October	8am	H	H
October	12pm		

4. J gives the exam in the month having 31days but not in October.
5. Four persons give exam between J and G.
6. E gives exam in the month having 30 days
7. Only one person gives exam between E and F

		CASE 1	CASE 2
Month	Time	Person	Person
July	8am	I	
July	12pm		I
August	8am	J	J
August	12pm	F	
September	8am	L	E
September	12pm	E	L
October	8am	H	H
October	12pm	G	G

CASE 2 WAS ELEMINATED AS WE CAN NOT PLACE E AND F

8. K gives an exam in afternoon shift of the month which has odd number of days but before L.

CASE 1

Month	Time	Person
July	8am	I
	12pm	K
August	8am	J
	12pm	F
September	8am	L
	12pm	E
October	8am	H
	12pm	G

36. c

37. e

38. a

39. e

40. e

SOLUTION (41-45):

1. A joined coaching on 28th June
2. Six students joined between A and H.
3. Less than two people joined between L and D, who joined after L.
4. L joined on 28th October

Month	Date	Students
March	17	
	28	
May	17	
	28	
June	17	
	28	A
August	17	
	28	
September	17	
	28	
October	17	
	28	L
November	17	H
	28	D

5. Three students joined between H and I.
6. Four persons joined between L and M.
7. F joined immediately after I.

Month	Date	Students
March	17	
	28	
May	17	
	28	
June	17	
	28	A
August	17	M
	28	
September	17	I
	28	F
October	17	
	28	L
November	17	H
	28	D

8. The number of students joined between B and C is same as between C and D.
9. D joined after B.
10. J joined immediately after K in the different month.

Month	Date	Students
March	17	
	28	B
May	17	
	28	K
June	17	J
	28	A
August	17	M
	28	C
September	17	I
	28	F
October	17	
	28	L
November	17	H
	28	D

11. N joined after F.
12. E and N joined after G

Month	Date	Students
March	17	G
	28	B
May	17	E
	28	K
June	17	J
	28	A
August	17	M
	28	C
September	17	I
	28	F
October	17	N
	28	L
November	17	H
	28	D

41.e

42.c

43.d

44.d

45.a

SOLUTION (46-50):

1. B born in the month of September.
2. Only two person born between B and the one who likes Blue, who does not born on an odd number date.
3. Only one person born between H and the one who like blue.

Month	Date	CASE 1 Person	CASE 1 Color	CASE 2 Person	CASE 2 Color
March	17				
	26				Blue
June	17				
	26			H	
September	17	B		B	
	26	H			
November	17				
	26		Blue		

4. A does not like Red color and born in the month having 31 days on Odd date.
5. F does not like blue color born immediately after C, but not in the different month.
6. Three persons born between E and the one who likes White color.
7. D likes Pink color and born immediately below E
8. H and G, who likes White color born in the different month.

| Month | Date | CASE 1 | | CASE 2 | |
		Person	Color	Person	Color
March	17	A		A	
	26			E	Blue
June	17	C		D	Pink
	26	F		H	
September	17	B	Yellow	B	Yellow
	26	H		G	White
November	17	E		C	
	26	D	Blue	F	

CASE 1 ELEMINATED AS WE CAN NOT PLACE WHITE

9. The one who likes green color born after the one who likes Red, who does not born in the November month.
10. C does not like Green color.

    As A does not like red color

CASE 2

Month	Date	Person	Color
March	17	A	Purple/ Black
	26	E	Blue
June	17	D	Pink
	26	H	Red
September	17	B	Yellow
	26	G	White
November	17	C	Purple/ Black
	26	F	Green

Final Arrangement

CASE 2

Month	Date	Person	Color
March	17	A	Purple/ Black
	26	E	Blue
June	17	D	Pink
	26	H	Red
September	17	B	Yellow
	26	G	White
November	17	C	Purple/ Black
	26	F	Green
